Wednesday, November 22, 2017

Organizational Day at the State House proved to be consistent with years past, lots of political speeches, outlining caucus agendas and spirited conversation by special interests. When the dust settles and the two chambers reconvene on January 3, 2018, most lawmakers agreed on the important topics to be addressed during the upcoming session. The agendas will include workforce development and training, hate crime legislation, alcohol sales and fighting the opioid epidemic in Indiana. The good news for the citizens of Indiana.....the session is mandated to be complete by March 14. Have a great Thanksgiving holiday with family and friends!
