Re: Affordable Care Act Communication Directory
Date: September 27, 2013

The Division of Disability and Rehabilitative Services (DDRS) has posted a State of Indiana Affordable Care Act Communication Directory to the [DDRS' homepage](#) to assist individuals who may have questions regarding the implementation of the Affordable Care Act. The directory lists contact information and websites for various state and federal programs related to the Affordable Care Act.

The State has also launched a new [Health Care Reform](#) website this week. The website provides an easy way for individuals to determine if they may be eligible for coverage programs through the state (such as Medicaid) or will direct them to the federal Marketplace to explore their options purchase health insurance. There is also a link to the federal health care [website](#) and a document library with additional information on the Affordable Care Act implementation in Indiana.
